

RegenTec

Award Winners 2008
Best Orthopaedics Business Opportunity
Overall Winner: Orthopaedic Innovation

Medical Futures Awards for RegenTec Ltd

RegenTec's Injectable Bone technology was the recipient of two prestigious awards (Best Orthopaedics Business Opportunity and Overall Winner: Orthopaedic Innovation) at the 2008 Medical Futures Innovation Awards Ceremony (www.medicalfutures.co.uk).

The awards are fiercely competitive, with our technology being reviewed alongside more than 1,000 other technologies and business opportunities by panels of distinguished businessmen, scientists, and surgeons, including the President of the British Orthopaedic Association.

The dual awards have received widespread TV, press and radio coverage. Some examples include:
